文德 家書

ST. BONAVENTURE COLLEGE AND HIGH SCHOOL

親愛的文德家長、校友及同學：

時光飛逝，學期結束的鐘聲已經敲響，於下學期，我們滿懷感恩，喜訊頻傳：

各級插班生的入學申請表如雪花般飄至，本學年聖文德今年的中一自行收生及中二至中四插班生收生皆遠超預期，每一份申請都承載著一個家庭的期望，我們深感責任重大。

如涓涓細流匯成江海，聖文德書院剛與南京市人民中學跨越時空的長河，結為姊妹學校。該校年具135年歷史，並於2020年獲納入第一批次四星級高中招生學校。兩校交流互動，相信能促進彼此發展，如同日月交相輝映，照亮彼此的前行之路。

在暑氣蒸騰的試後活動期間，老師們策劃了三個境外交流團，同學們在新加坡、泰國、上海的熱土上，播撒著求知的種子。他們的汗珠，換來了對各地文化的深刻理解，也見證了他們成長的足跡。

期末時刻，我們深謝家長、校友及各界友好的信任與支持。回眸往昔，展望將來，我們滿懷希冀。學校將繼續全力以赴，助學子在學習的道路上勇攀高峰，成就夢想！

今年收生成績再創新高

截至7月初，我校收到300餘份升中一自行收生的申請表，以及300多份中二至中四級插班生申請表。在黃大仙區學生人數銳減之際，此佳績更顯難能可貴，足證聖文德書院辦學理念深受家長及學生認同，望能持續在逆風中展現學校魅力。

謝師宴--同學感言

GRADUATE

謝師宴圓滿落幕，這份難忘的回憶得以成真，實在有賴各位老師和籌委會同學的鼎力相助。在此，我謹代表全體畢業生向他們致以最誠摯的謝意。

回首這六年的中學歲月，我們每個人都經歷了不斷的自我突破和成長，才得以蛻變成今天的模樣。在這段艱辛卻珍貴的旅程中，老師們的支持和鼓勵始終伴隨左右。那些埋首苦讀的日子雖已成為過去，但我們深知，老師們仍將繼續見證更多師弟師妹的成長。

感恩校長及老師們的悉心栽培，讓我們的青春無愧無悔。隨著謝師宴的結束，我們的人生也將翻開嶄新的一頁。在此，祝願所有畢業生都能乘風破浪，勇敢追逐夢想！也祝願各位家長和老師身體健康，萬事如意！

6B 林翠玲

光陰似箭，六年的中學生涯轉眼即逝。今晚的謝師宴上，回首往事，感慨萬千。

猶記得中二至中四疫情肆虐，我們被迫在家學習。雖面對前所未有的挑戰，但老師們不辭勞苦，竭盡全力調整教學方式，確保我們的學習不會落後。在螢幕另一端，我感受到了他們的用心。

疫情稍緩，重返校園後，步入高中的我們面臨著巨大的學習壓力。老師們耐心輔導，幫助我們迅速適應並追趕課程。他們的付出，讓我們得以順利應付文憑試。

特別感謝校長及各位老師在這困難時期，仍然努力為我們創造各種學習機會，讓我們的校園生活多姿多彩。

今晚之後，我們揮別青蔥歲月，邁向人生的新篇章。祝願母校桃李滿天下，也祝福各位同學前程似錦，在未來的道路上展翅高飛！

感恩有你們，成就了最美好的我們。

上海中華文化及宗教學習之旅 (28/6-2/7) 學生感想

在五天四夜的上海朝聖團裏，我們探訪了數個天主教重要景點，讓我獲益良多。置身於佘山進教之佑聖母大殿，它高大雄偉，令我歎為觀止。在徐家匯聖堂參與彌撒，更讓我感受到上海天主教友虔誠的信仰，亦受到神父的祝福。

參觀上海田園高級中學時，我還有幸參與攝影社團的活動，該校對學生全面發展的重視給我留下了深刻印象。參觀上海猶太難民紀念館讓我深刻體會到歷史的沉重。館內展品講述了猶太難民在上海的艱辛歲月，令人動容。隨後遊覽外灘，欣賞中西建築融合之美，更感受到上海這座城市的包容與多元。

感謝學校和校長給予我這次寶貴的學習機會，也感謝老師和領隊們在旅程中的悉心照顧。這次上海之行，不僅開拓了我的視野，也讓我對學習和生活充滿了新的思考。

Recently, I joined a trip to Shanghai which was amazing. It was a 5-day Catholic exchange, and the teacher and us saw so many impressive places. We went to St. Ignatius Cathedral in Xujiahui, the building was magnificent, and the decor inside provided a peaceful atmosphere.

Talking about Shanghai, visiting the famous spots like the Oriental Pearl Tower is indispensable. It is such a huge building that we seem to touch the sky! Besides, The Shanghai Museum was full of incredible old exhibits, and I learned so much about Chinese history from that. We also went to the Lu Xun Memorial, which made me understand why he's such a famous writer in history. We have also been to the Bund to appreciate the professionally designed buildings and lights at night.

I am so thankful for the experience of visiting a place I had longed to visit. I also created a lot of joyful memories with my friends.

泰國文化與大象保育之旅 (2/7-6/7) 學生感想

在這次五日四夜的泰國之旅中，我們首先探訪了著名的暹羅古城。這裡的古代宮殿以一比一的比例精心復刻，讓我們得以一窺泰國豐富的歷史遺產及古人的居住環境。暹羅古城的再現不僅是對戰爭破壞後的一種修復，更是對文化遺產的一種崇高尊重。這深刻展示了泰國對於文化保育的重視與努力。

接著，我們來到了Elephant World。在這裡，我們近距離接觸了地球上最龐大的陸地動物--大象。為牠們準備食物、協助清潔的過程中，我不僅了解了大象的生活習性，更深刻認識到生物保育的重要性。這次經歷激發了我對生態保護的熱忱。

感謝學校提供這五天在泰國的學習機會，使我在旅程中不僅增長了地理和歷史知識，讓我領略了異國風情，更深刻體會到文化和生物保育的重要性。

泰國文化與大象保育之旅 (2/7-6/7) 學生感想

身為4A班地理及環保小組主席，我衷心感謝學校舉辦這次泰國保育及文化考察團。這趟旅程不僅開闊了視野，更讓我對文化傳承與環境保護有了深刻體悟。

在Elephant World大象保護區的經歷最為難忘。我們通過特別的儀式與大象建立心靈連結，親手準備食物，深切感受到這些溫柔巨獸的可愛。泰國人的熱情和耐心指導，讓我們不僅親近了大象，也融入了泰國文化的溫暖氛圍。

此外，我還要特別提及我們的另一站——桂河橋鐵路博物館。漫步在充滿戰爭滄桑的展廳中，我被那些為鐵路建設付出辛勞的先人們所感動，令我滿懷感恩。博物館中不僅保存著沉重的歷史故事，也吸引了眾多年輕人的參觀，使得這個場所既有歷史的厚重感，也有新生代的活力。

這次泰國之旅讓我們深入了解了當地的特色和風土人情。在這個過程中，我們學會感恩、勇敢面對挑戰，並珍惜每一次學習和成長的機會。

再次感謝學校提供這次難忘的機會，讓我們在文化與自然的交融中獲得成長。

SINGAPORE EXPERIENTIAL LEARNING AND OUTREACH PROGRAMME(5/7-8/7) STUDENT REFLECTION

I just can't believe the trip is over - it feels like a dream. In just four days, I gained so much, both socially and personally. I think I've become more confident speaking English since I talked a lot with the local people during the trip. I also learned how to express myself better, which helped me able to communicate naturally in the local environment.

This trip was also a great chance for us to become more independent. During the pandemic, students had to stay home a lot, which made us rely more on our parents and family. But this trip was a valuable opportunity for us to step out of our comfort zone, take care of ourselves, and learn how to be more independent for the future.

The most exciting and unforgettable moments were when I made new friends from different countries. For example, I made friends with a shop owner from Korea. It was my first time making international friends, and I think it's amazing that even though we have different cultures and languages, we can still try our best to understand and communicate with each other. We even exchanged Instagram accounts so we can stay in touch.

Finally, I want to thank my school for giving us this wonderful, meaningful experience. As the saying goes, "Traveling teaches you more than just what's in books." I will never forget this amazing trip.

SINGAPORE EXPERIENTIAL LEARNING AND OUTREACH PROGRAMME(5/7-8/7) STUDENT REFLECTION

During these four days of activities, I gained a lot of knowledge. For example, in the Science Center, I have learnt about Singapore's urban planning. It amazed me that most of the formation of Singapore's terrains are designed to be flat. I also saw different types of sea animals' appearance, as well as science theory and various types of cacti.

The most important experience for me is I got a chance to communicate with locals. Especially when it comes to the moment that I first tried to ask questions to the staff at hotels and stores.

Besides, It is memorable to try the pork jerky in Chinatown, it was very tasty! I remember our tour guide told us, only the restaurant we went to on the street would use charcoal for grilling. for the reason of keeping the traditional taste, even it will increase the carbon emissions. Besides, I still remember when we took the Singapore flyer and boat, the tour guide introduced us what kind of buildings we could see.

I hope to participate in this type of activity in the future if I have chance. I am very grateful to school for giving me an opportunity to travel and study in other country. I was really excited these four days. I am also very grateful to the teachers, tour guides and schoolmates for their cares. And finally, I am grateful to my parents who support, encourage and bless me and my schoolmates during the trip! The time flies and I really miss the enjoyable time I had in the trip with my schoolmates and teachers.

You Only Live Once!

Inspired by the highly acclaimed film "Oppenheimer," I am interested in studying the biography of J. Robert Oppenheimer and looking into the historical background of what motivated him to invent the atomic bombs during the Second World War. One of the widely reviewed books on this subject is "American Prometheus: The Triumph and Tragedy of J. Robert Oppenheimer," written by Kai Bird & Martin J. Sherwin in 1989. This book delves into the disputed life of J. Robert Oppenheimer and offers valuable lessons that can be related to our everyday lives. Although his life is debatable, his story provides compelling examples for us to learn from. In this essay, I will elaborate on what I have learnt from Oppenheimer's life, and discuss what he has done that inspires us to become better ones.

The first lesson I have learned from Oppenheimer's behavior is that we must reflect on our own lives and consider the consequences of our actions. One of the reasons why he was controversial is that he was involved in the Manhattan Project, a secretive initiative that led to the invention of the atomic bomb. Initially, Oppenheimer intended to create it as a means to deter other countries. However, the destructive power of the atomic bomb resulted in numerous detrimental impacts, including a significant number of casualties and health risks caused by radiation. He deeply regretted his actions. Upon realizing that his invention had caused the deaths of many people, he lived with guilt every day. Hence, thinking twice helps us avoid emotional decisions that we may regret. By taking a moment to consider the responsibility of our choices, we can prevent hasty actions driven by immediate emotions. For example, when talking to our peers, we can reflect on whether it hurts their feelings, whether it gets pleasure from insulting others, or whether it is a thought driven by anger or reluctance. Better interpersonal relationships can, therefore, be facilitated if we think twice about what we say.

You Only Live Once!

The second lesson I have learnt from his behavior is that we have to learn from our mistakes to promote a growth mindset. One of the reasons Oppenheimer was successful is that he put a lot of effort into the experiments he did. Unfortunately, failures can occur while conducting experiments. However, he didn't choose the path of giving up. Instead, he regarded these experiences as opportunities for identifying his weaknesses and seeking appropriate solutions. Hence, learning from mistakes helps us to avoid making the same mistakes again and again. For example, we keep getting low grades on our Mathematics quizzes or examinations. Instead of ignoring or being emotionally indulged in our setback, we can view it as an opportunity to promote a growth mindset. With this positive mindset, we will realize that mistakes are an essential part of the learning process. We can see them as opportunities for growth rather than as a sign of failure.

The third lesson I have learned from this book is the importance of living in the moment. When we consider the destructive power and devastating consequences of atomic bombs during World War II, which were truly horrific, it is important to appreciate the things we have today. When we compare it to the present day, it reminds us of the importance of cherishing what we have and being more optimistic about our lives. The ongoing conflict between Russia and Ukraine since 2014 is a case in point. The people in these two countries are suffering from pain, losing their homes, experiencing hunger, and so on. After reading this book, I start to understand how fortunate I am when compared to the era in which people were suffering from war, hunger, and diseases. I should be grateful for everything that I have. In addition to the importance of living in the moment, people often embrace the concept of 'YOLO' (you only live once). So why not try something we have never tried before, until the end of the world?"

In summary, the lessons from Oppenheimer's behavior teach us the importance of thinking twice before we act, learning from our mistakes to promote a growth mindset, and living in the moment and appreciating the things that we have today. American Prometheus: The Triumph and Tragedy of J. Robert Oppenheimer is definitely a must-read book.

Shine your own glory

The sun slowly made its way through the clouds, revealing its red face, like a shy little girl looking at the earth on the ground! I yawned, got up, washed up, got dressed, looked at myself in the mirror, and suddenly thought of the book I read the other day - Educated.

The main character in the book is called Tara. Compared with me, she is not very lucky. She was born in a backward family in Idaho. Her father is an extreme Mormon. One of her brothers, Sean, is extremely short-tempered and controlling. However, she is also lucky that she has met a lot of kind people, including her other brother Tyler who always encourages her. Her roommate, Robin does not alienate her and cares for her from time to time. Bishop, who tutors her, helps her apply for a bursary and creates opportunities for her to study at Cambridge. Dr. Kerry, Professor Steinberg, and other teachers gives her great encouragement, allowing her to see her sparkle and build her self-confidence. So, she gives me impetus when I face difficulties myself.

Besides, I marvel at the author's smooth yet cohesive and calm writing style. Her detailed analysis and insight into herself. For example, when she really starts to look at what has happened to her in the past, what she cannot talk about, and decides to be honest with herself, she simply write - 'The past was a ghost, insubstantial, unaffecting. Only the future had weight.' I cannot stay calm for a long time after reading that. I also like what Dr. Kerry said, "the most powerful determinant of who you are is inside you." She has a point, until you believe in yourself, it does not matter what attire you are in.

Shine your own glory

One day, when I walked to the library, I looked at the passers-by who, like the main character in the book, were struggling to survive and assert themselves. I secretly vowed to aim for Tara, not to dwell on the trivialities of the past, but to create a future for myself that would carry weight. Facing the upcoming first-term examination, I have decided to use it as a good start - the strongest determinant of who I am comes from within me. I am going to be the winner in this examination! During the Christmas break, when I should have chilled out, I got myself into the best shape for studying and began a race to revise. I have finally customized my revision plan, categorized my study materials for each subject, mastered a lot of basic knowledge, and focused on different question types in my error book. As time passed by, looking at the draft paper that was filled up, looking at the small goals that were sketched out, and looking at the slow completion of my finely customized revision plan, I felt very satisfied and seemed to start enjoying the thrill of revision. I felt like I was standing fluidly on a surfboard, bravely conquering the sea. I was so immersed in the path of learning that I forgot the existence of time, exhaustion, and difficulties

Now, I only remember the joy of growing up, the courage to move forward, and the hope for the future. The road to growth is a process of constantly overcoming oneself, and I believe that after this vacation is over, I will make great progress, not only academic progress, but also spiritual progress. The most powerful determinant of who you are is inside you. Tara is not beaten down by the difficulties of getting rid of her family of origin, nor is she trapped by the nagging memories of her past. She has chosen to get an education, and through constant learning she has changed herself, her life, her mind, and her destiny. I am not overwhelmed by the mountains of study materials. I have chosen to do revision seriously. Through continuous review to change the status quo, change the decadence, change the lack of self-confidence. I hope that we are all a free and powerful bird. Through the humiliation and tribulation, through the disaster and adversity, we are still flying towards the mountains in our hearts.

Educated is definitely a must-read that can inspire us to strive for excellence!

STUDENT REFLECTIONS ON 76TH HONG KONG SCHOOLS MUSIC FESTIVAL (2024)

Participating in the Brass Ensemble Competition was a really meaningful experience for me. Winning an award was nice, but what really impressed me was seeing how much effort every group put into perfecting their performances.

On the day of the competition, I felt nervous and excited. Each group's performance not only displayed their skills but also their artistic expression, challenging us all to perform at our best. I was proud of how our ensemble came together to create a harmonious and powerful sound.

The other bands' performances were also impressive. Their unique interpretations and virtuosity reminded me that there's always room for growth in music.

I learned that winning is not the ultimate goal of such competitions. But it's about the process of preparation, the experience, and the joy we have in making music with others.

I'm grateful to everyone involved - our Principal, teachers, my fellow schoolmates, and all those who supported us. I look forward to more musical adventures in the future.

在這一年我們排球隊為學校奪得了學界季軍，多謝學校給我們資源去訓練，多謝教練的悉心栽培，才得以讓我們能以更好的技術和狀態去面對本次賽事。

更要多謝排球隊的大家的努力，每個人都盡自己最大的努力去贏得賽事。在上一年的時候，因為大家的經驗不足，而導致在比賽中接連失誤，最後遺憾止步於八強。幸好今年大家都能調整狀態，互相配合，才能取得佳績。訓練的過程很艱辛，但因為有大家的堅持，朋友和老師的支持，大家努力揮灑的汗水才不會白忙一場。

我非常感謝學校給予機會，讓欖球隊參加由賽馬會青年源動力計劃舉辦的欖球邀請賽，有機會展現出天主所賜的塔冷通，發掘自己的才能。感謝羅校長及周老師，提供資源和地方給欖球隊練習，亦時刻支持和鼓勵我們。著名作家PETER DRUCKER曾經講過：“THE BEST WAY TO PREDICT THE FUTURE IS TO CREATE IT”，即是「只要我們主動定立目標，不斷努力實行，我們便可以創造理想的未來」。我相信，不論在讀書或興趣方面，都要定下目標及不斷努力學習，便能創造更好的未來。

首次參與欖球運動，我衷心感謝教練的悉心栽培和隊友們的共同努力。儘管是新手，我們仍以積極認真的態度投入每次練習。從認識規則到學習技巧，再到鑽研攻防戰略，我們逐步磨練出團隊的合作精神。

比賽場上的每一分都凝聚著全隊的汗水與付出。我們充分發揮訓練成果，默契配合，這優異的表現，歸功於每位隊員的付出和刻苦練習。這次經驗不僅提升了我的技能，也深刻體現了團隊協作的力量。

中學校際羽毛球比賽-羽毛球隊乙組 殿軍

從羽毛球校隊的訓練和學界比賽中，令我受益匪淺。羽毛球運動刺激而有趣，正正由於在緊湊而多變的對局中，作出頃刻間的反應，這常常能夠鍛鍊我的心理質素。在生活中亦能提醒自己需要時刻保持冷靜及隨機應變。

今年能摘得獎牌，無疑要歸功於學校的悉心栽培、方教練的指導、許老師的鼓勵，以及隊友間的協作，都是成功的關鍵。對於學校的支持實在感激不已。

In September, our school badminton team joined the Group B interschool competition. We played our hearts out but lost to Heep Woh College and Tseung Kwan O Government Secondary School in the final rounds. Still, we won fourth place!

During the matches, I made great friends with my schoolmates Cheung Kei-Chun and Chiu Ching-fung. It was fun to play with them and cheer each other on.

I'm so grateful to Coach Fong for training us hard and to Mr Hui for her constant support. Their encouragement helped us do our best.

This experience taught me about teamwork and sportsmanship. I can't wait for next year's competition!

香港健球總會 港青京士柏健球校際錦標賽2023-2024-亞軍

我很榮幸能夠參加2024年的校際健球比賽，並且有幸在這次比賽中為學校出一分力。我們團隊憑藉著不屈不撓的精神，在激烈的競爭中脫穎而出，奪得季軍！

比賽初期，我們遇到不少挑戰和挫折，隊員們難免感到有些氣餒和失落。然而，就在這個時候，彷彿有一股神奇的力量激勵著我們。我們重新振作，打起十二分精神，團結一致，攜手並進。

我們重拾當初的默契，堅持了數小時，終於成功出線！這一刻，我們歡呼雀躍，所有的辛勞都化為了喜悅的淚水。這個獎杯不僅代表我們的訓練成果，更象徵了我們的成長和蛻變。

在此，我衷心感謝教練吳偉樂先生和周玉英老師。他們的悉心指導讓我們明白了團隊合作和永不放棄的真諦。
